INFUSIONS™
Walls

▲ Infusions™ Walls 2" x 8" Refined Tangerine

KEY SELECTION ATTRIBUTES

- Define the look of your space with translucent walls
- 2' x 8' walls coordinate with a broad range of interior finishes, as well as with Accent Canopies and Lay-in panels in the Infusions family, and Acoustical Clouds and Canopies in the SoundScapes® family

- Standard products create a custom look
- Panels factory-drilled to accept Point Support hardware
- Aluminum Point Support Kit offers contemporary, sleek visual

- 4' x 6' Polycarbonate and 4' x 8' PETG sheets available for coordination with Infusions Canopies, Lay-in panels, and Partitions. (Sheets may not be used for ceiling applications.)

- For custom sizes and colors, contact Architectural Specialties at 1 877 276-7876, select options 1-1-4

Fire Performance
Infusions™ panels have been tested according to NFPA 286 and are equivalent to Class A Interior Finish as defined by the International Building Code.
Contact TechLine at 1 877 276-7876 for specific U.S. and Canadian fire performance data.

Installation and Design Considerations
Do not allow panel edges to get wet. Infusions Resilient panels are not approved for exterior application.

Panel kits include ceiling hanging kit and floor mounting kit hardware. Floor mounting hardware is optional, but recommended. Floor mounting hardware requires field drilling pilot holes in panels.

Linking kits must be ordered separately.

Panels can be damaged by exposure to high temperatures. Panel temperature should not be permitted to exceed 100°F.

Warranty
