

Pay less for
a ceiling that
does more

Armstrong[®]
World Industries

Save more than just energy

with a Federal Investment Tax Credit of up to 50%*

How much can I save?

Section 48E Credits:

➤ **40%**
CREDIT

Armstrong's use of domestic content in the production of Templok Ceiling Systems, in addition to you meeting prevailing wage and apprenticeship requirements may qualify for a tax credit of 40%.

➤ **+10%**
CREDIT

When Templok Ceiling Systems are deployed in an "Energy Community," an additional 10% tax credit may be available.

Not all areas will qualify for this credit. Consult your tax advisor to determine your eligibility.

Make your next project more affordable and save energy with Templok® Energy Saving Ceilings. A variety of income tax credits, deductions and third party incentives may be available to make your Templok® Ceiling System projects (panels and suspension) a more affordable option than standard mineral fiber ceiling systems.

Inflation Reduction Act of 2022

Section 48E Tax Credit

Under section 48E, the purchase and use of Armstrong Templok Energy Saving Ceiling Systems containing thermal energy storage properties (phase change material), including suspension, may qualify for a federal investment **tax credit of up to 50%** of the project purchase cost.

Energy Efficient Commercial Buildings Deduction

Internal Revenue Code 179D

[Review the Energy efficient commercial buildings deduction online.](#)

What type of projects qualify?

Owners of qualified commercial buildings and designers of EECBP/EEBRP installed in buildings owned by specified tax-exempt entities will qualify. Templok Energy Saving Ceilings may qualify as part of a building's heating, cooling or ventilation systems.

Are Templok Ceilings right for your space?

Take advantage of an often-overlooked area in the construction industry: the ceiling plane. Templok Energy Saving Ceilings utilize phase change material (PCM) to provide thermal energy storage, which may qualify for incentives. Templok Ceilings also provide:

Up to 15%
Energy Savings**

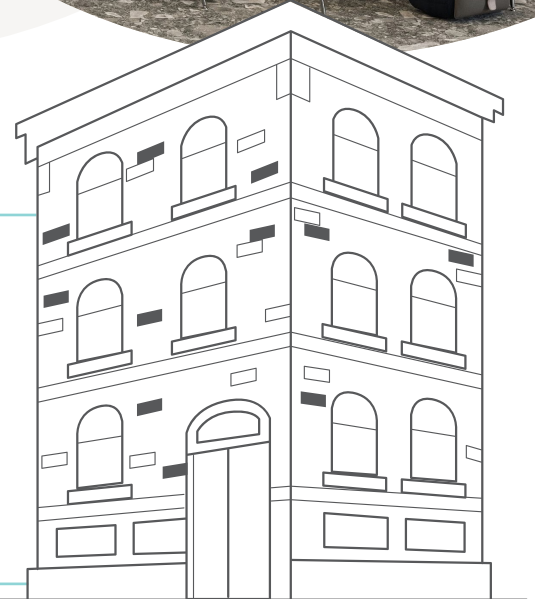

Thermal
Comfort

Total Noise
Control

Meet Your
Sustainability Goals
