

TRADITIONAL FRAMING

SIMPLESOFFIT FRAMING

SimpleSoffit® is the pre-fabricated drywall framing system designed to save time on the job. Now with expanded capabilities.

WHAT'S NEW

- Broader dimensional capabilities for achieving tighter notch dimensions as close as 3-5/8" with Screw Notch (see left)
- Four Additional standard items, including new L-Upturn and U soffit conditions
- Method and connection guidelines for splicing SimpleSoffit main beams

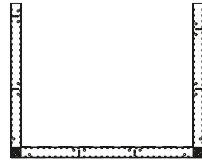

EXPANDED SIMPLESOFFIT FRAMING CAPABILITIES

MORE IS MORE

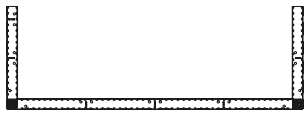

NEW STANDARD ITEMS

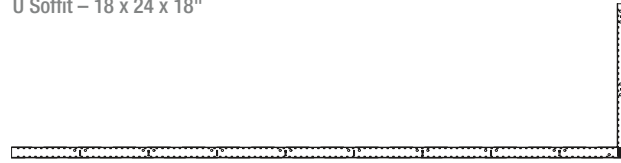

SSLU1836
L Soffit Upturn – 18" x 36"

SSU182418
U Soffit – 18 x 24 x 18"

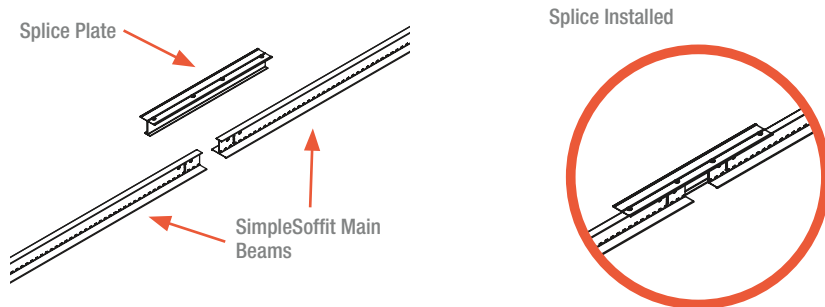

SSU123612
U Soffit – 12 x 36 x 12"

SSLU1872
L Soffit Upturn – 18" x 72"

SIMPLESOFFIT SPLICE

KEY BENEFITS

- Increased dimensional range allows contractors to leverage the speed of SimpleSoffit on an even greater variety of project details
- Four Additional standard, readily-available for size/bend options – Now eight total standard items
- SimpleSoffit main beams can now be spliced together allowing further flexibility by using standard items to create custom lengths
