Infusions® Shapes Circles clouds in Playful Peach

These floating clouds are available in a variety of translucent colors and four standard shapes.

KEY SELECTION ATTRIBUTES

- Add dramatic visual impact with multiple shapes or create a small accent area
- Wide variety of colors to fit any design aesthetic
- Unique shape designs can create a variety of visuals depending on the configuration or angle of installation
- Class A fire performance
- Seismic tested and approved

COLORS Due to printing limitations, shade may vary from actual product.

Fire Performance
Infusions Shapes Accent Clouds have been tested according to NFPA 286 and are equivalent to Class A Interior Finish as defined by the International Building Code.

Designers and Installers are advised to consult a fire protection engineer, NFPA 13, and local codes for guidance where automatic fire detection and suppression systems are present.

Contact TechLine at 1 877 276-7876 for specific U.S. and Canadian fire performance data.

Design Considerations
Infusions Shapes Accent Clouds are not approved for exterior application.

Installation Considerations
Do not allow the edges of the shapes to get wet or be exposed to moisture.

Any fixtures adjacent to Infusions Shapes accent clouds must be independently supported. There is potential for limited natural deflection of panels.

Infusions Shapes Accent Clouds can be damaged by exposure to high temperatures. The temperature of the shapes should not be permitted to exceed 100°F.

Seismic Restraint
Refer to ASCE 7-10, Section 13.5 Architectural Components, for seismic requirements. Section 13.5, item 2 refers to 13.2.3 Consequential Damage.
